Re: Grandville Dental Health Center

Dear [redacted]:

This law firm represents Grandville Dental Health Center ("Grandville Dental").

[redacted]

1. The retraction must be posted on each and every social media platform where you or your agents have published the false information; and

2. The retraction must be confirmed in writing.

[redacted]

Your failure to comply with this demand may result in the filing of legal claims against you for injunctive relief, damages, and attorney's fees. Your failure to provide the retraction will also prevent you from being able to mitigate further damages to Grandville

Dental. Of course, Grandville Dental retains its right to claim damages regardless of whether or not you comply with this demand. As you can likely imagine, each day the false and misleading statements remain on-line without a retraction Grandville Dental incurs additional damages which will certainly be recoverable in a legal action.

We look forward to your immediate response.

Sincerely,

MILLER JOHNSON

In response to a correspondent from attorney Robert W. O’Brien

Nothing I wrote online is false or misleading and you are wrong. I am not publishing false or misleading statements to embarrass or harass anyone. You will have to be more specific as to what was written that was false or misleading and where it was written because In no way am I retracting anything of truth that I wrote, I am not sure if this is some intimidation attempt but I am protected from the consumer review fairness act and first amendment right to post my honest and truthful reviews of a company, everything I’ve said is truthful and grandville dental health center owes me an apology.

If you need to take further action just do it instead of trying to use scare tactics.

Sincerely,

[redacted]
